

With great shock and sadness, we have learnt about the untimely passing away of Shri.P.R.Bapat an Electrical Engineer & Management Expert acclaimed by all on 23.01.2019. He was a Director of GKW Industries, Member of Governing Body of then VRCE and now VNIT in addition to many Industrial, Educational and Professional Bodies. He was a great human being and an extraordinarily dynamic and competent engineer. He was active till the last moment, always bubbling with new ideas and achieved many goals during his lifetime.

The IEI, MSC have had a close interactions with him as he was the President of The Institution of Engineers (India) during 1989-1990 and Chairman of The Institution of Engineers (India), Maharashtra State Centre during the Sessions 1973-74. His passing away is a personal loss to us as much as it is a great loss to his family and to the engineering fraternity.
